We are excited to introduce the GreenHouse Studios, our entry level, mixed-use offering in the Villages at Crest Mountain. With our two story units, the lower level has a broad range of possible uses, including art studio, home office, storage or garage, just to name a few. Above is a highly efficient residential loft studio unit, perfect for a single or a couple, with lots of light, decks, views of the Central Gardens, and easy access to ALL VCM amenities. Mere steps to the newly renovated Greenhouse. Affordable to purchase and operate, the best value in the region under \$150,000.

**Starting in the \$140's**
